

TWO \$100,000 FIRES IN 35 OVER FOURTH

Fireman Badly Burned in One of Blazes That Occur in Adjoining Building

SKYROCKET STARTS FIRST

Two \$100,000 fires in adjoining buildings, one last evening and the other this morning, came as an aftermath of Germantown Fourth of July celebration.

The three-story knitting goods mill of John Long, 5137 Lena street, was set on fire last night by a sky-rocket.

The rocket passed through an open window and ignited inflammable wool material. Three horses were rescued from the building by Patrons Forth and Hiseley.

It is believed that \$100,000 worth of goods were destroyed this morning when flames attacked the two-story brick stable at Collum and Lena streets, belonging to the Germantown Dye Company.

Earl Morton, of Engine Company No. 59, was badly burned on the arms, in attempting to combat the fire.

One horse and four automobile trucks were saved by William Tate, a driver for the company.

The firemen were hampered by the intense heat and the frequency of small explosions, caused, it is thought, by dynamite which caused a thick cloud of black smoke to appear.

Roman candles caused a fire which burned a three-story vacant house at 1700 Point Breeze avenue early last night. At 1330 Frankford avenue, a house occupied by Charles Lopez, was slightly damaged by fire which broke out when a firecracker, thrown by a small boy, became lodged in the coping between the first and second floors of the house.

Children threw a lighted firecracker against the curtain of a second-story window in the home of Robert Schriver, 2124 Simpson street, and a serious fire was only averted by the coolness of Mrs. Schriver, who extinguished the blaze. The flames spread to the window frame and communicated to a bed in the room before the blaze was discovered.

Three small fires, none of which was caused by fireworks, gave volunteer firemen at Ardmore, Bryn Mawr and Cynwyd a busy day after the fire-fighters had enjoyed weeks of inactivity.

In Ardmore the fire was confined to a bed in the room of a boarder in the home of James Merritt, 325 West Spring avenue. The Cynwyd fire occurred in Kreeger's paint shop, which was destroyed, with trifling loss, a fire in a chicken house at Bryn Mawr and Moore avenues brought out the Bryn Mawr company.

A stone barn on the farm of Alfred Garrett, York road and Fisher's lane, was wrecked by fire of unknown origin early today. A quantity of hay and two wagons were burned.

Congressman Good, of Iowa, Speaks at Independence Square

Philadelphia observed Independence Day yesterday on a larger scale than ever before, with celebrations ranging from the chief executive in Independence Square to club sports and family outings.

Celebrations of the coming of peace was one of the central themes in the observance. And, incidentally, it was the city's first "dry" Fourth of July.

Patterson, Representative Varr, John H. Ralzey, chairman of Councils' Fourth of July committee, and Donald Norton Schaffer, of the West Philadelphia High School for Boys, who read the Declaration of Independence.

Members of the Society of the Descendants of the Signers of the Declaration of Independence and other organizations heard an address by the Rev. Dr. Robert Scott Inglis, of Newark, N. J., at the Old Pine Street Presbyterian Church.

Fairmount Park was crowded all day with picnickers. Outing parties thronged the banks of the Delaware and Schuylkill rivers.

WOMAN'S EQUALITY STILL IN COMMONS

Government Motion, Sponsored by Major Astor to Set Bill Aside, Fails, 100 to 85

London, July 5.—(By A. P.)—The woman's emancipation bill is still before the House of Commons, notwithstanding an effort by the government yesterday to have it set aside to make way for a new measure on the subject.

Major Waldorf Astor's motion to reject it was defeated by a vote of 100 to 85. The bill, backed by the Labor party, has been before the Commons for several months.

Before the motion to reject was offered Major Astor announced the government planned to introduce a substitute next week. This alternative measure, he said, would place women on an equality with men in civil and judicial matters and would be wide and comprehensive.

Confidence in the government, it was understood, probably would not be considered as having been at stake in the vote on the motion.

The emancipation bill now before the House of Commons is designed to give women political and legal equality with men. It included a provision permitting women to sit in the House of Lords.

A London dispatch received Friday was so garbled in transmission as to make it appear that the bill itself had been defeated.

A jury impaneled by Coroner Stedman viewed the body of the victim today in order that the body might be brought to this city this afternoon for interment. The impact will be a perfunctory affair to comply with the law. Young Gotthold will arrange to have his mother removed from the Atlantic county insane asylum to a private sanitarium in Pennsylvania as soon as possible.

Joint Parade With Riverton Includes Veterans of Three Wars

Palmyra, N. J., July 5.—A 100-foot steel flagstaff from which Old Glory is to be kept flying daily as a memorial of the services of home lads in the great war, was dedicated as Palmyra's public tribute at the community's joint Welcome Home, Peace Jubilee and Independence Day celebration. "What the migratory workers need are modern efficiency methods. We ought to organize in every city, in order that when we pass through we are sure of obtaining comfortable lodgings, our own employment agencies, and the use of the telephone."

"We are living in a new era, and we ought to adopt modern business methods. We oughtn't let our shoes get worn out by walking too much. If a copper sees our toes sticking out, he pinches us for being hoboes. What I say is, that instead of doing so much walking that it wears out our shoes, we ought to use the telephone more in order to transport our business."

BOOZE TIDE BATHES SHORE ON HOLIDAY

Thirsty Holiday Crowds Find Cabarets Selling Brew Openly

Atlantic City, July 5.—Atlantic City was not "dry" on the biggest holiday of the year.

Reassured by the friendly attitude of Department of Justice agents detailed here to close up the town under war prohibition, following the issuing of a statement by them condemning the failure of shore officials to enforce the law, "white daisy" leaguers bathed the big town in beer.

"Nothing but beer" was the gladsome tidings which rushing barkeepers saluted thirsty thousands in cafes and saloons—but there was plenty of that. With the beer went "life-saver" cocktails, amounged punches too new to have standardized designs, and—It is suspected—something stronger in many cases.

In the big hotels bartenders took no chances and guarded the bar, for the most part to patronize the parties in the fashionable grill.

So far as surface indications go no stranger beer would have been served in Atlantic City was supposed to be upon the water wagon. To the contrary it appeared, as far from satisfied shore pastors put it, to be "decidedly wet."

Police records would indicate, however, that the jolt the government dealt the "white daisy" leaguers yesterday in holding them in heavy bail for the next federal grand jury at Trenton had its effect upon the disreputable "white daisy" leaguers, but one case in which bona fide intoxication was charged. The victim is said to have "brought it with him."

"13" HOODOO FOLLOWS SHIP

"Unlucky" Number Figures Largely in Wreck of Steamer Sag Harbor

Atlantic City, N. J., July 5.—Unlucky thirteen played a large part in the wrecking of the Philadelphia-built steamer Sag Harbor on Cuban coral reefs, according to letters received here from Morrell L. Vansant, chief officer of the craft.

The Sag Harbor left Philadelphia on June 13, Friday at that.

There were thirteen men in the crew of the Sag Harbor's deck department.

The Sag Harbor touched Canyara, Cuba, on Friday, the 20th, a week, mind you, after that Friday, 13th, combination, and the same day pounded upon the coral reefs off that harbor in heavy weather.

Under the circumstances the Sag Harbor hadn't a chance.

JEWELRYMEN WILL MERGE

Four Associations Propose a Single Organization

New York, July 5.—Because of the present labor trouble and the expectation of further difficulties with the workers later in the year, a plan is now on foot in the jewelry industry for the organization of one large association to represent all manufacturing interests.

As the result of a meeting last week at which manufacturers discussed the labor situation it is believed that the Manufacturing Jewelers' Association of Greater New York, the Platinumsmiths' Association of the International Manufacturing Jewelers' Association will be dissolved. In the place of these associations a new body will be formed. It is believed jewelry trade that a much stronger organization is needed than at present exists if the manufacturers are to present a unified front.

WALK LESS, BE EFFICIENT, IS ADVICE TO TRAMPS

Establishment of Posts in Various Cities and Use of Business-Like Methods Indorsed

Dr. How, during the entire meeting, walked from one wretched looking delegate to another, shaking a hand in friendly greeting, picking up a hot which had fallen to the floor, or passing a pitcher of ice cold root beer. He replenished the supply of drink at a nearby store, more than once. When the meeting adjourned, all his money had been spent to quench his "brothers' thirst, and he had to ask: "Lend me twenty cents, will you please?"

The meeting passed a resolution requesting the release of all political prisoners incarcerated during the war; another resolution advocating the abolition of privately owned employment agencies, and the reduction of political control over the Federal Employment Bureau, and a resolution demanding that every man and woman in the United States be given the privilege of suffrage, whether the man or woman be of the floating population or not, and that provision be made whereby they might vote legally in any town they happened to be in when election rolled around.

Charles Foster, of Buffalo, is secretary of the conference. John O'Day is secretary of Philadelphia's local chapter, whose headquarters hereafter will be 932 Ridge avenue.

Members pay ten cents a month for dues, and receive a credential card, which gives them the privileges of the brotherhood wherever a local chapter exists. The brotherhood was founded in St. Louis.

TROTSKY IS CALLED GLORIFIED GANGSTER

Shipping Board Man Declares Soviet Leader Ought to Be in Sing Sing

Rochester, N. Y., July 5.—(By A. P.)—Speaking before an audience of 20,000 people at the public Fourth of July observance of the Chamber of Commerce here yesterday, with Senator Miles Poindexter, of Washington, Dr. Charles A. Eaton, formerly of the United States shipping board, declared that Leon Trotsky was "a glorified East Side gangster who ought to be doing time in Sing Sing."

"He has never had five minutes' experience with free government," Doctor Eaton continued, "he has never cast a vote in Russia, in Germany, in Switzerland, in Paris, in New York or in Nova Scotia, but he suddenly hops up and announces that he can furnish a ready-made constitution that will solve all problems."

"There is only one way for a people to develop politically, Doctor Eaton said in concluding this part of his address, "and that is slowly and by experience, making mistakes and paying for them. It will take Russia a thousand years to follow us."

The signing of the peace will be followed rapidly by the submission of our more direct enemies, Bulgaria and Turkey, and this latter action will restore liberty to many thousands of our brothers in the Greek Ilerdenta as well as to the peoples living there; and will enable Greece again to become a rich state and to enjoy the benefits of peace assured by the league of nations. The Greek army may be proud of its participation in this gigantic work."

BEER SOLD IN GLOUCESTER

10 of 28 Bars Keep Open to Supply Crowds—No Arrests

A small army of dusty throats drank up all the near-beer in Gloucester yesterday.

Early in the evening the beer pumps in the ten saloons open gave gurgling gasps and not another drop would be served. After sunset, when they saw the supply running low, a few of the saloon men jumped their price to ten cents, but the beer was sold.

No arrests were made in Gloucester yesterday, a situation that smashed all records, the authorities assert.
